for a better future

About REACH for Uganda

REACH for Uganda partners with communities in rural eastern Uganda to improve the quality of their daily life and realize their future potential through improved education, healthcare, and community development.

By engaging a community of caring volunteers and committed professionals, REACH's educational, healthcare, and vocational programs transform impoverished villages into vibrant, self-sustaining communities. Specifically, we seek to:

- Develop sustainable educational and healthcare models for local communities.
- Set high standards of academic excellence and prepare the children for adult lives that strengthen both their communities and the world.
- Support our students as they progress to higher levels of learning and professional careers.
- Establish clinics and community health programs that provide access to modern health care, medicines, and a higher quality of life.
- Encourage our REACH outreach villages to employ technology, building, and farming techniques that increase environmental awareness and stewardship.
- Foster greater cultural understanding on local, national and international levels through shared learning experiences.

6:00 - 10:00 PM EST

Estimated attendees: 200

Our annual gala is our biggest fundraiser and this year's event will feature an evening with live music, stand-up comedy, a captivating keynote speaker, an open bar with plated dinner, and silent and live auctions. REACH's events offer an intimate and interactive atmosphere, where you can meet and talk with prospective clients about your product/service offerings. Our attendees live and work in the DMV area and are committed to making the world a brighter place through education and community development. Please visit www.reachforuganda.org/events for more info.

This year, **our proceeds are dedicated to supporting girls' education and student access to technology** - our most critical needs in Uganda today!

InnovatHER

Why do we need your support?

Gender inequality is a challenge many girls still face around the world - and the girls in Uganda are significantly and disproportionately impacted by COVID. Access to technology is especially difficult to attain in emerging countries - but becoming a key to succeed in society. Both are a crucial part of Uganda's and the world's future, yet we struggle to get these students support they need. **Limited opportunities for girls and disconnectedness from technology often hinders their ability to excel and REACH for their dreams.**

Your support isn't just about helping our students thrive in their environment and excel in their endeavors. **It's also about building a better future for Uganda — and for the world.** By empowering girls and focusing on the future of technology, you are laying the groundwork for the next generation's greatest scientific discoveries. You are empowering scientists, builders, thinkers, problem solvers and leaders who will continue to REACH for a stronger Uganda.

With your help, **we can help children in Uganda REACH for a better future.** Thanks to supporters like you, REACH partners with communities in rural Uganda to improve the quality of their daily lives and realize their future potential through improved education, healthcare, and community development.

The Future is with **HER**

Will you be a **HERo**?

Your gift makes a difference! Funds raised at this year's gala will buy urgently needed educational materials and medical supplies, and will support teacher salaries, training, and more scholarships for deserving children. Specifically, we want to **fund our girls' programming** and **provide technology for our students** in the classrooms and in their homes.

The following page outlines the various levels of sponsorships, and we always welcome donations of any kind. Please note that **REACH for Uganda is a non-profit 501c3 tax exempt organization** (Tax ID#20-2089837). Please visit our website at www.reachforuganda.org for more information.

You may contact Briana Hanafin at 202-210-9021 or briana@reachforuganda.org with any questions on gala sponsorships or donations.

Your support is much appreciated both here and by the students in Uganda who make such good use of it in their lives. Thank you!
