

## LETTERS TO YOUR STUDENT DUE DEC 30

**The new way to exchange letters with your student is here!** Our letter writing program is a special way to connect with your sponsored students.

Students and their sponsors exchange letters three times each year, once per school term. From [your donor portal account](#), you can read your student's letter to you and also write back to your student. We hope you can build a lasting bond with your student by exchanging letters at least three times each year.

Sponsors should have already received a letter from their student in their account. If you did not receive a letter, please reach out to us and we shall trace it. We recommend sending your letter or pictures as an attachment. Please send a letter to your student by **December 30th**.

**Below are the 2023 deadlines to send your letter to your student:**

**1st Term: March 1st, 2023**

**2nd Term: July 1st, 2023**

**3rd Term: November 1st, 2023**

Even a few sentences to your student can motivate them to excel in their

studies.

Watch the video below for assistance. Instructions on exchanging letters with your student begins at 1:35.

You will be able to see a recent picture of your student and send a letter to them. REACH will be using your account to send you letters from your student and you can send letters to your student from here as well. Look out for a notification in your email. You will be able to see how far back you have supported REACH by checking on your donation record. For any questions, **[please call or email us](#)**
